Spring Season of College Sports  
Opens With Regatta on Coast

(By Associated Press.)

NEW YORK, Feb. 14.—With the announcement of the date for the intercollegiate regatta at Poughkeepsie as Friday, June 26, the American college rowing season is fairly well outlined. Although there are still dates for various dual and triangular

regattas yet to be fixed, it is apparent that rowing is steadily increasing in popularity as a college sport. In the east, middle west and Pacific coast sections the various college and university crews are already well advanced in their indoor and machine training, and are awaiting the first

opportunity to dip their sweeps in lake or river.

The dates for the Harvard, Cornell and Princeton crews have been fixed. Pennsylvania and Columbia are still working on their schedules, several dates of which have already been announced. The schedules for the various colleges supporting crews arranged from the fixed and tentative dates are as follows:

Saturday, April 18: Pacific coast intercollegiate regatta, California, Stanford and Washington universities at Oakland, Cal.

Week of April 20-25: Harvard at Annapolis, probable training races with United States naval academy crews.

Saturday, May 9: Columbia, Princeton and possibly Pennsylvania in triangular regatta, Carnegie Lake, Princeton, N. J.

Saturday, May 16: American Henley regatta, Philadelphia, Pa., with races for college crews.

Saturday, May 23: Cornell, Yale and Princeton in triangular regatta on Cayuga Lake, Ithaca, N. Y.

Tuesday, May 26: Harvard vs. Cornell on Charles river, Boston, Mass.

Saturday, June 20: Harvard vs. Yale, Thames river, New London, Conn.

Intercollegiate regatta, Hudson river, Poughkeepsie, N. Y., Cornell, Pennsylvania, Columbia, Syracuse, Wisconsin and winner Pacific coast intercollegiate regatta.

The University of Michigan football association is already planning an elaborate campaign of preparation for next autumn in view of the Harvard game to be played at Cambridge on October 31.

The veteran trainer, "Dad" Moulton, who recently resigned as track and field coach to the Leland Stanford university squad, has accepted a similar position with the University of Santa Clara.

Spring baseball practice has been under way at the University of Virginia for several weeks. A squad of more than forty candidates are in training daily on the varsity field, under the direction of Coach Jack Ryan, of the Washington American League club.

GIANT CORN KERNELS  
BROUGHT FROM BOLIVIA

Among the treasures brought to Tonopah by Mr. W. W. Charles, comptroller of the Tonopah Mining Company, from Bolivia are specimens of corn which surpass in size anything of the kind seen in the United States. Mr. Charles secured about a pint of the corn, which he will give his friends for the purpose of planting, to see if they will reproduce in this country. Victor Barndt, president of the Railroad Valley Company, has secured a dozen kernels which he will plant at the Williams ranch at Hot Creek. Mr. Charles says the corn was grown at about this altitude and in a similar soil with scarcely any natural moisture.

OPERATORS TO THE MINERS'  
UNION

(By Associated Press.)  
HANKOCK, Mich., Feb. 14.—"We cannot recognize the Western Federation of Miners because it is socialistic in its aims, tendencies and because it is composed largely of socialists in this district," said A. E. Rees, counsel for the mining companies before the congressional investigators strike.

The strikers' counsel objected vigorously to this line of testimony and other charges that the strike was "fostered and fanned by red socialism."

Miners testified to the intolerable heat in the deep Quincy mine, where they were forced to work.

PROFIT AND LOSS  
ON STRIKE ACCOUNTFIFTY PER CENT OF WALKOUTS  
WON BY ENGLISH  
EMPLOYERS

(By Associated Press.)  
LONDON, Feb. 14.—According to a report issued by the board of trade, supplemented by data supplied by trades unions, organized workers have lost nearly \$90,000,000 in wages from stoppages due to trade disputes during the last ten years. To this has to be added a very large amount distributed in strike pay. Against this net gain in wages resulting from disputes is reported as \$13,000,000. In the same period the working classes as a whole have secured advances in wages estimated at \$75,000,000. Of every hundred strikes or other disputes recorded in the years under review, 50 per cent were won by the employers, 25 per cent by the workers and the other 25 per cent were compromised.

MEAT FAMINE RESULTS  
FROM THE HEAVY STORMS

A meat famine has hit Bridgeport and none of the stores have other than canned and potted meats. Several families, one of them the editor's, are beginning to feel some hungry for meat. The famine will be lifted only and not until the roads are in such condition as to permit of the stage bringing in freight, when we shall all have some mutton.—Chronicle-Union.

MANY DEATHS IN NEW YORK  
WITH THE MERCURY BELOW ZERO  
AND SIXTY MILE GALE BLOWING

(By Associated Press.)

WASHINGTON, D. C., Feb. 14.—The northeastern part of the country is experiencing the worst blizzard of the season, with the mercury below zero in many places. A mile a minute gale is blowing off the New England coast and wrecking many vessels.

The intense cold has caused several deaths in New York. The storm became central today, demoralizing all traffic. Fair weather is predicted, but not much warmer.

NEW YORK, Feb. 14.—The wind has drifted a seven-inch snowfall to a depth of several feet, interfering with traffic, and all trains are late. An oil ship drifted ashore, dragging her anchor, and was rescued with difficulty.

The storm curtailed business of the stock exchange. There is no possibility of moving trains in central New York until the storm moderates. Pennsylvania is storm-bound and business is at a standstill.

NEW LONDON, Conn., Feb. 14.—Five men and four women are believed to have perished in a blizzard through the foundering of a string of four coal barges at a distance off shore. Rescuing tugs are unable to sight the barges. The gale is terrific.
